

30% RECYCLED PLASTIC TAPE

Plastic parcel tape - only better

High performance tape made from 30% recycled plastic. A product with excellent strength and reliable adherence.

Stable

Strong

Smart

Features:

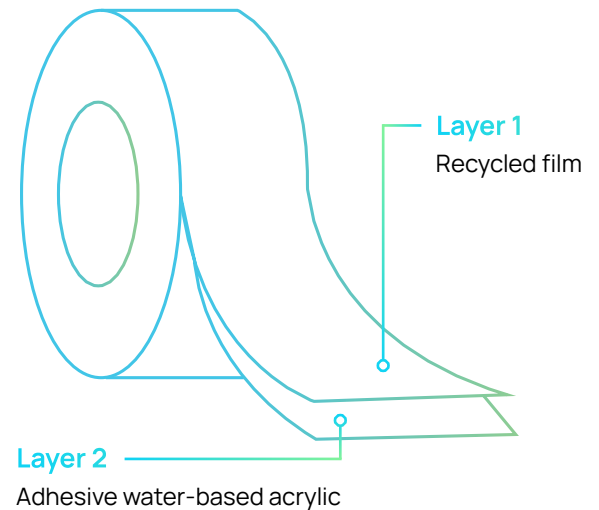

- Environmentally friendly
- Optimum tensile strength
- Premium acrylic adhesive
- Avoids Plastic Packaging Tax Associated costs
- Brand with your own logo and environmental message

Technical information

Parameters & Tolerances	Metric Unit Measurement	
	Value	Unit
Tape thickness	45 µm	Micron
Adhesion strength to steel	580-620	Gms/inch
Tensile strength	6 Kg min	Kgf/Inch
Elongation	110% min	%

All of the above mentioned values in technical informations are to be considered as average values of our standard production and cannot be taken as product specifications. The products can present a ±2% tolerance in width and length. We recommend all our customers make sure that the product is acceptable through preliminary tests.

The plastic element of this tape is a biaxially oriented polypropylene (BOPP) film manufactured using a **minimum of 30% recycled (PIR) content.**
