Eco-Friendly protective wrapping and void fill for e-commerce and distribution centres.

Protective wrapping and void fill are essential components of your eCommerce packaging strategy, especially if you have a varied inventory.

We have an exciting range of wrapping and void fill solutions which will suit a whole range of products, providing reliable protection in transit.

Our selection has been chosen on performance as well as eco-friendly credentials.

All are from sustainable sources and are 100% recyclable.

It's great to know that you can choose effective paper alternatives to plastic wrapping and void fill products such as bubble wrap, that work just as well and look great too.

Our products also make our list for attractive product presentation too, perfect for that e-commerce unboxing experience!

First impressions count and it's usually your outer mailing box or carton that your online customer will see first when your delivery arrives. So, you'll be after stylish looks as well as a load of built-in functionality for you and your customers.

We've thought about your warehouse storage and many of our boxes are delivered flat to save you space. We've also thought about your most precious commodity, time - and our range of postal mailing boxes and cartons assemble in a matter of seconds.

Our range also pays attention to Royal Mail postal sizes, so we make the most of your shipping spend with stylish and compact solutions. Our eco-friendly mailers come with a whole host of clever ideas such as secure sealing strips, easy tear open strips and even those that will you even more time and money with self-locking functionality that don't require tape to seal them.

And talking of tape - you don't have to miss out on greener choices here either. Our range of tapes are also included for their eco-credentials as well as on how they perform.

Paper Document Wallets

Range of products includes:

Paper Document Wallets C6, DL and C5 sizes.

Product shown:

Paper document enclosed peel seal wallet,
C5 235x175mm
NEC5PD-1X1000

Make your entire parcel plastic free with our eco-friendly paper documents enclosed wallets. These don't have to be removed prior to kerbside recycling so that's great news for your customers. And just because they are made of paper, they still do their job.

They're transparent so all the delivery details are still clearly visible. The other thing you need to know is that they are water resistant, so you don't need to compromise on performance because it's paper and not plastic. 100% recyclable and 100% reliable too. It's the icing on the cake of total eCommerce packaging recyclability – making your whole parcel 100% green!

Product features

Paper instead of plastic

Easy sealing

Waterproof

For kerb side recycling

We take the fuss out of fast-paced e-commerce

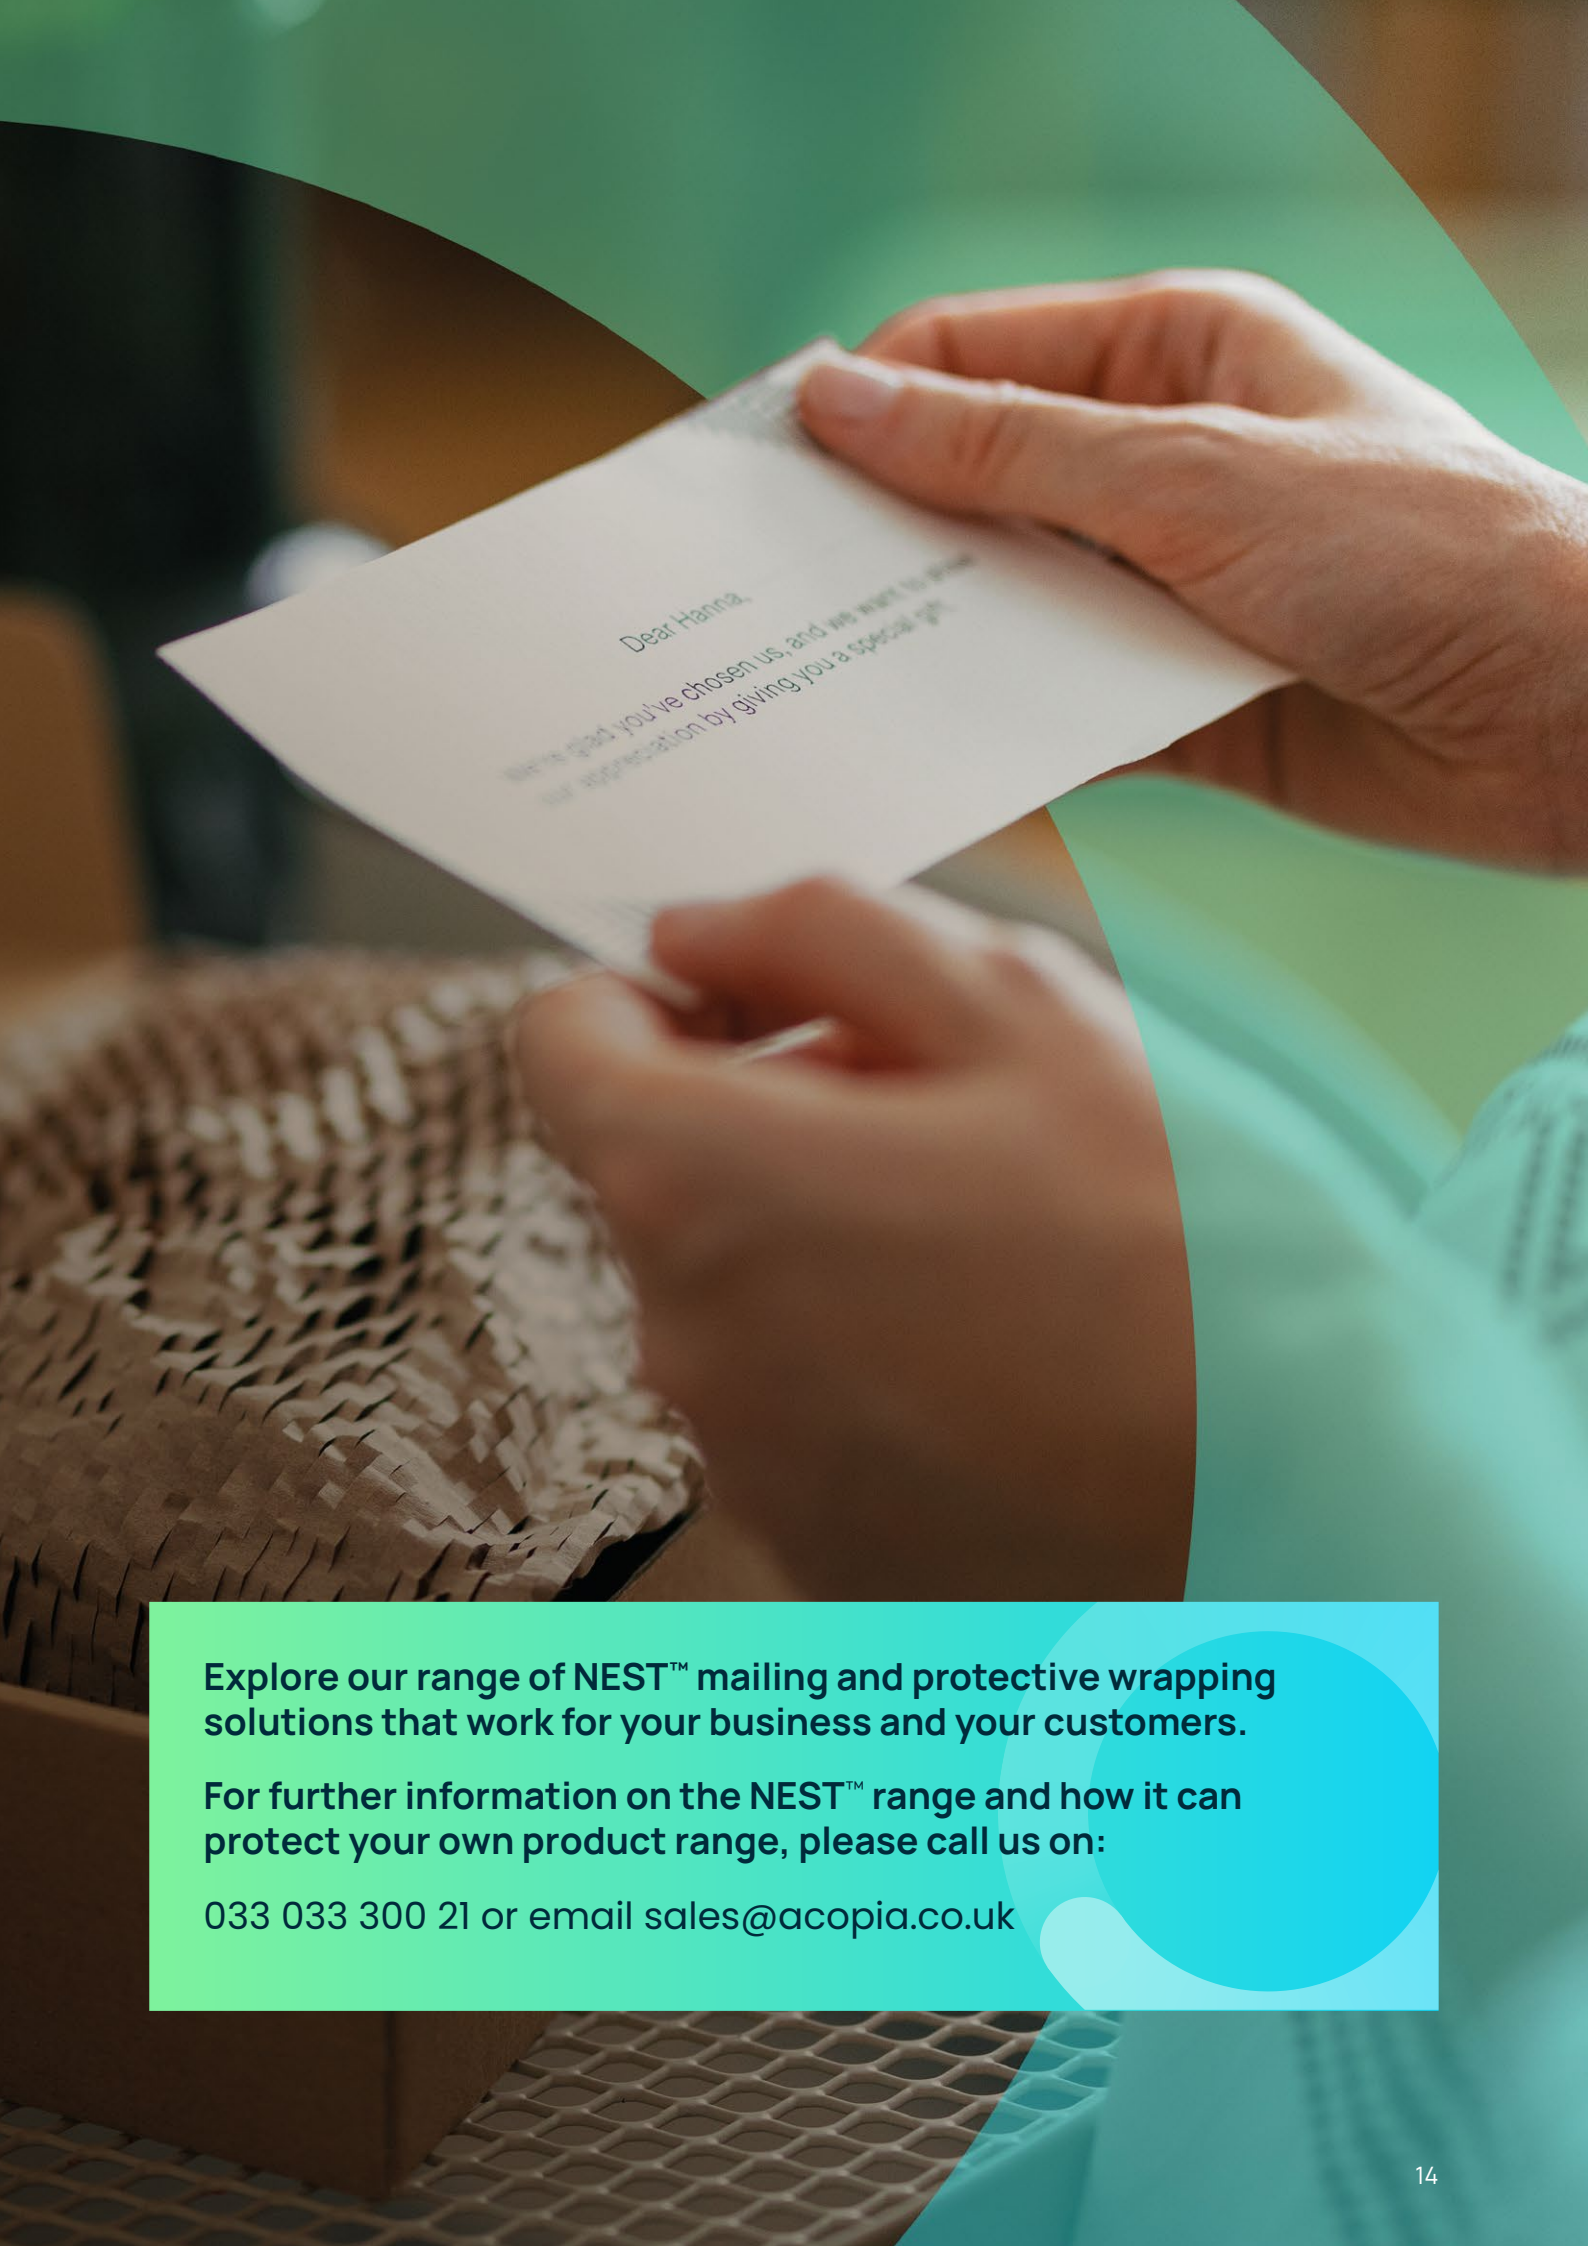

The eco-friendly ecommerce packaging range that increases your green credentials and reduces your carbon footprint.
